UBM STATEMENT ON COVID-19

These are challenging days for both individuals and organisations and UBM is not exempt!

Like many others, we have been closely monitoring the ever-emerging situation with regard to Covid-19 and have sought advice from professionals in the medical and public health professions. We, as a Christian duty, seek to follow government advice (as per Romans chapter 13, the Bible).

Even though the current regime of staying at home might be eased at some point, the need for social distancing and the ongoing risk of infection while there is no vaccine will be present for some time to come. In addition, we are aware that the very work we do means that a) our team members are living in close proximity and b) we are engaging with holidaymakers and tourists such that it is hard to keep at a safe distance.

This has meant we have come to the difficult decision of cancelling all our mission teams for the summer.

We are ready to reinstate mission weeks if, and only if, it is safe and appropriate to do so and in line with government and local authority guidelines.

We are deeply disappointed to have come to this decision but, after prayer and discussion, feel it is the right thing to do.

As Christians, we are glad that our hope and security is in God Himself.

For more information, please contact Tim Howlett, UBM's Executive Officer.
